

## 2010 METZELER RACETEC NATIONAL SUPERSTOCK 600

MSVR has reviewed the rider eligibility criteria for the 2010 Metzeler National Superstock 600 Championship;

a) All Teams may either register with MSVR for all rounds of the Championship, or enter individual meetings. Priority will be given to registered entries.

b) Riders must hold an ACU Full Clubmans licence, SACU Qualifiers licence or a National licence issued by a member of the EU.

NB: Riders with an International licence (riders who gain an International grade licence during the season may be given dispensation) will not be accepted.

c) Overseas Riders (incl Ireland) must have 'start permission' from their FMN to include personal accident insurance and repatriation insurance. Neither MSVR nor MCRCB will be held responsible for repatriation.

d) Riders must be a minimum of 16 years of age and a maximum of 25 years of age on 1 April 2010.

e) The following riders are excluded from entering this championship

- The top three finishers in 2008 and 2009 Metzeler National Superstock 600 Championships.
- Any rider who has contested (actual race starts) more than 25% of the preceding seasons (2008 and 2009) British Supersport or equivalent non UK Championship races.\*

*\* - The National Superstock 600 Championship is designed to identify new riding talent and provide a progression route to higher classes of racing. However, inevitably from time to time riders will attempt to make the progression to a higher class only to encounter a level of competition that exceeds their ability or to be unable to meet the much higher financial implications of a class with higher levels of performance and machine preparation.*

**In all cases MSVR will be the final arbiter regarding rider eligibility and acceptance.**
