7. TIMING SCREEN

The Official Timing Screen will be the Starters timing screen in the Pit Lane.

8. SCRUTINEERING

Please ensure that you have completed, in its entirety, the Motorsport UK self-declaration scrutineering form which is part of the online sign-on process.

At least 25% of vehicles will be physically inspected by a Motorsport UK scrutineer; your coordinator will communicate a time to you for this to be done. These cars will be pre-selected by the scrutineers to ensure that every car/competitor is seen at least once, every four race events that it competes in.

Visual scrutineering will be conducted on all competing vehicles just before noise testing at the entrance of the assembly area, and in the paddock road while waiting to avoid causing congestion. Scrutineers will have the power to perform random spot-checks on both cars and drivers' equipment throughout the event.

Any non-MSVR permitted/guest championships/Series will be asked if they would be happy to take part in the trail. If they choose not to take part, 100% scrutineering will be conducted.

If you are unsure of your vehicle's ability to meet the required safety criteria set out in the Motorsport UK general regulations, then please find a Scrutineer and ask them to check this for you.

Noise testing will be conducted at the entrance to the assembly area.

9. ELIGIBILITY

Eligibility may be checked by a member of the Motorsport UK Technical Commission listed in the 2022 Motorsport UK Yearbook at Appendix 5d. These Technical Commissioners will be considered as Judges of Fact within the Regulations. The Championship/Series licensed Eligibility Scrutineers are also considered Judges of Fact and empowered to undertake any measurements or examinations of vehicles.

10. DRIVERS RACING FOR THE FIRST TIME AT DONINGTON PARK

Competitors must read an instruction sheet that can be sent out upon request.

11. DRIVERS BRIEFINGS

All competitors are required to attend a briefing at the times and locations shown on the event timetable, before they go on track.

The briefing may be supplemented by written notes which will include any specific information for your series/championship and will be treated as an official event document.

The organisers reserve the right to call extra briefings as appropriate. Attendance/completion of the drivers briefing is mandatory.

12. ENGINE/NOISE POLLUTION

Engines must not be run before 0900 hours or after 2000 hours.

13. PIT LANE

Please note that there is a mandatory speed limit in the Pit Lane of **60 km/h**. The Pit Lane entry is on the LEFT after Roberts. The Penalty Box is at the far end of the Pit Lane by the Pit Office.

14. PRACTICE & QUALIFYING

All competitors will need to be in the assembly area 20 minutes before their session is due to begin.

Please make yourself familiar with the location of the assembly area before your first practice session. The assembly area is on the Melbourne Loop, accessed from the paddock side.

15. RACE START PROCEDURE

All competitors will need to be in the assembly area 20 minutes before their session is due to begin.

On instruction from officials, all cars will proceed directly to the grid and may be led by a Course Car. Once cars are in position on the grid, the countdown will begin.

For standing starts unless Championship/Series Regulations state otherwise the Red Lights will be switched on 5 seconds after the '5 second' board is shown and will be switched off after 2 to 6 seconds, which will indicate the start of the race. If the delay from the showing of the Green Flag signalling the start of the formation lap to the start of the race is more than three minutes the organisers reserve the right to reduce the race distance.

Any drivers unable to start the Green Flag/Pace lap or start are required to indicate their situation as per Motorsport UK Yearbook Regulation Q12.13.2 and any drivers unable to maintain grid positions on the Green Flag Lap to the extent that AL other cars are ahead of them, may complete the Green Flag lap but MUST remain at the rear of the last row of the grid but ahead of any cars to be started with a time delay.

In all cases, countdowns will be in accordance with series/championship regulations.

All races will have a green flag lap and a standing start.

16. GRIDS

Grids will be in accordance with the track licence or Championship/Series Regulations unless otherwise specified.

17. COUNTDOWNS

For all races, the countdown will start at the 1-minute signal unless Championship/Series regulations specify a different procedure.

18. SAFETY CAR

The Clerk of the Course has the option to deploy a Safety Car for all qualifying and races. The Safety Car will join the circuit from the Pit Lane exit and leave the circuit by entering the Pit Lane. Safety Car regulations are available at Race Administration or as detailed in Championship Regulations.

19. LIVE SNATCH

During all practice, qualifying and races, the Clerk of the Course will have the option to carry out 'live snatches' under local Yellow Flags and/or Yellow Lights.

20. TRACK LIMITS

At this event infringements of 'track limits' as defined by Motorsport UK Regulation Q14.4.2 will be detected by an automatic system that will identify the offending car and produce a photograph of the infringement.

This photographic evidence will be considered as a fact and may be used by the Clerk of the Course for judicial procedures in accordance with Motorsport UK Regulations.

The above mechanism for such infringements does not preclude marshals, officials and Judges of Fact from reporting infringements.

21. CONTROL FLAGS

Control Flags: Control flags (Black/White, Black/Orange etc.) with car numbers may be shown from the control line on driver's left at the line.

The same information may also be shown from electronic panels displayed alongside the start lights in addition to or as an alternative to the flags on the line.

22. END OF PRACTICE AND RACE PROCEDURE

For races of time duration, the Chequered Flag will be shown to the race leader the first time he passes the finish line after the time has elapsed unless specified otherwise in Championship/Series regulations.

At the end of each practice or race all cars must slow down after taking the Chequered Flag and leave the circuit by entering the Pit Lane and turning LEFT into the Parc Fermé just beyond Garage 38 unless otherwise instructed by officials.

All competitors will remain under Parc Fermé conditions until advised by the Scrutineers.

23. RED FLAGS

In the case of a red flag during practice or qualifying, all cars must slow down, being prepared to stop, and enter the pit lane.

In the case of a red flag during a race, all cars must slow down, being prepared to stop, and stop on the grid.

Any category generating a Red Flag may be placed at the end of the programme subject to time remaining available.

24. SIGNALLING LIGHTS

There are signalling lights at various locations around the circuit. These lights have the same meaning and authority as flags.

25. RESULTS

Results of Qualifying and Races can be found on the virtual notice board on the MSVR website (www.msvracing.co.uk) where they will be available once any outstanding judicial matters have been resolved.

26. JUDGES OF FACT

Judges may be appointed in accordance with Motorsport UK Q3.1.

Timekeepers: To declare the individual lap times and the order in which the cars cross the timing line throughout the competition.

Scrutineers: In addition to the Championship/Series Eligibility Scrutineers, eligibility may be checked by a member of the Motorsport UK Technical Commission, as listed in the Motorsport UK Officials' Yearbook Appendix 5(d).

27. TIMING

All competitors are required to use a AMB TranX 260, AMB MYLAPS X2 or MYLAPS TR2 Racing transponder. This can be either direct or battery powered. Transponders can be purchased from TSL at www.tsl-timing.com in advance of the meeting.
