

## MSV Trackday Trophy Series

Motorsport UK Series Permit No: RS2022/006

---

### Existing regulation

5.3 Cars will run in four classes based on power to weight ratio of the vehicle. The class structure will be as follows but may be subject to change depending on entries.

Class B: 151 – 175 bhp/tonne

Class C: 126 – 150 bhp/tonne

Class D: Up to 125 bhp/tonne

Guest Class: Any other Production and Production based Saloon, Hatchback and Sports car that the organisers have given permission to join the Series or single events...

### Proposed additional regulation

5.3 Cars will run in four classes based on power to weight ratio of the vehicle. The class structure will be as follows but may be subject to change depending on entries.

Class B: 151 – 175 bhp/tonne

Class C: 126 – 150 bhp/tonne

Class D: Up to 125 bhp/tonne

Guest Class: Any other Production and Production based Saloon, Hatchback and Sports car that the organisers have given permission to join the Series or single events...

Class A: Any Lotus Elise not eligible for Elise Trophy championship points. NB: This class applies to the Brands Hatch GP event (13/08/2022) ONLY.

### **Reason:**

Clarification

### **Footnote:**

- All competitors are required to run tyres from MSUK list 1A, 1B, or 1C, including Class A.
