

Donington Park GP - Location & Position of LONG LAP ROUTE, LONG LAP,

TIME PENALTY and + BLACK/WHITE FLAG (Rider Warning)

3.3.6 LONG LAP – During the race the rider will be instructed to ride through the “Long Lap” penalty route. This will be a pre-defined route, usually utilising a tarmac run-off area, or outside radius of a corner. The Long Lap penalty area, route and procedure will be published to all riders prior to the first practice session. A long lap penalty cannot take place during a safety car intervention period.

3.3.7 For a Long Lap penalty, the team will be notified via the timing screen and notification will be given to the rider at the finish line (or other pre-defined area) by means of a board. Failure by the relevant rider to perform the Long Lap penalty procedure having been shown the board 3 times, or perform the procedure correctly, will result in that rider being inflicted with a (pit lane) ride-through or ride-through equivalent time penalty. The rider must stay within any lines defining the Long Lap route, infractions may result in the penalty being repeated. **The rider carrying out the Long Lap penalty is responsible for leaving and rejoining the track, following the designated route, in a safe manner without disturbing or endangering other riders. Infractions will be strongly penalised.** Overtaking is forbidden within the Long Lap route.

If the section of track that the Long Lap penalty area is in is under yellow flag conditions then the penalty route cannot be used and the lap not counted for the purpose of serving the penalty within 3 laps of notification. In the case of a race interrupted prior to a Long Lap penalty being carried out, and if there is a second part to the race, the relevant rider will be inflicted with a time penalty added to his time for the first part. He will not then have to carry out a long lap penalty in the restarted race.

Long Lap Equivalent Time Penalty value: **2 SECONDS**
