

PIRELLI BSB range 2023

Pirelli National Superstock

Silverstone Rd 1 & Thruxton Rd 7

Please note that the SC1 option **will not** be made available for BSB Rd1 & BSB Rd 7.

The following rear slick will be available:

200/65R17 Diablo Superbike SCD (spec A1126)

Silverstone Official Test – only the above option will be carried by the Pirelli service for use at the test.

Note – Pirelli's recommended minimum 'in service' pressure (1.65 bar) must be observed.
To clarify, this is the minimum tyre pressure accepted to pass the grid test procedure and is not a suggested optimum on track pressure.

If further information is required please contact Jason
