

PIRELLI BSB Range 2023

Bennetts British Superbike Championship

Silverstone Rd 1 & Thruxton Rd 7

Please note that the SCX option **will not** be made available for BSB Rd1 & BSB Rd 7.

The following rear slicks will be available:

200/65R17 Diablo Superbike SC0

200/65R17 Diablo Superbike SCD (spec A1126)

Silverstone Official Test – only the above options will be carried by the Pirelli service for use at the test.

Note – Pirelli's recommended minimum 'in service' pressure (1.65 bar) must be observed. To clarify, this is the minimum tyre pressure accepted to pass the grid test procedure and is not a suggested optimum on track pressure.

If further information is required please contact Jason
