

Required Transponder Position

Due to a growing number of problems with transponder signal strength, it has been decided to standardise the position of the transponder on every machine as per MCRCB Rule G.3.56 which is below:

Please **DO NOT** follow the MyLaps documentation that comes with the transponder which indicates the transponder should be placed on the forks.

3.56 TRANSPONDERS

The transponder to be used for timing purposes must be AMB / Mylaps TranX260, or TranX Pro transponders, or other compatible equipment.

3.56.1 The Chief Technical Officer will refuse any machine that does not have a correctly-positioned positive transponder attachment. The transponder should be positioned on either side of the machine in the area of the swinging arm pivot; it should not be covered by metal or carbon fibre. Positive attachment of the transponder bracket consists of a minimum of tie wraps, but preferably by screw or rivet. Velcro or adhesive alone will not be accepted. The Transponder retaining clip must also be secured by a tie wrap.

3.56.2 This is the responsibility of the team and rider and no responsibility will be accepted by the organisers for failure to comply. Timekeepers have the right not to time any machine where the transponder is incorrectly fitted, not attached or lost and the Race Director or Clerk of the Course will not accept this reason for a rider failing to produce a qualifying time in accordance with the regulations.

The required position is on either the left or right of the machine around the area of the swinging arm pivot and should not be covered in metal or carbon fibre. Example photos are below and on the following page:

Regards

Richard Evans, Chief Timekeeper
Timing Solutions Ltd
2 Ninian Park
Ninian Way
Tamworth
B77 5ES
Tel: 07879 478873
Office: 01827 285666
Email: richard@tsl-timing.com
Web: www.tsl-timing.com

Transponders can be purchased by visiting the Timing Solutions web store here: [Buy Racing Transponders Online :: Timing Solutions Ltd. \(tsl-timing.com\)](http://www.tsl-timing.com)

If you already own a transponder, please make sure that you have given the timekeepers its number.

A small number of transponders are available to hire at each event at a cost of £40 per event. If you wish to hire a transponder for a particular event, please make sure its is hired via our webstore on the Wednesday before the event at the latest.
