Sporting & Technical Regulations

- 1.5.2 The Organisers reserve the right to make changes to the calendar in the event of unforeseen circumstances. Any such change will be notified by official Bulletin to all registered Competitors.
- 1.5.3 In the event of Force Majeure, the Championship Organisers reserve the right to reduce the total number of Championship rounds in accordance with the current Motorsport UK Yearbook [D.11.2].
- 1.5.4 In the event that force majeure causes the cancellation of multiple rounds, the Championship shall be declared only on the condition that a minimum of three rounds have been completed.
- (a) If only three rounds are completed, there will be no drop score.
 - (b) If four or more rounds have been completed a drop score will apply.
 - (c) If less than three rounds are completed the Championship title(s) will not be awarded for that year.

1.6 Scoring:

1.6.1 Classes

Cars will run in three classes based on power to weight ratio of the vehicle. For the purpose of this calculation weight will be that of the car, including driver (or lightest driver where two are present) in “end of race conditions”, i.e. with no/low fuel present. The declared weight must not include any penalty ballast. The class structure will be as follows but may be subject to change depending on entries:

Class B: 151 – 175 bhp/tonne
Class C: 126 – 150 bhp/tonne
Class D: Up to 125 bhp/tonne

1.6.2 Guest/Invitation Class: Any other Production and Production based Saloon, Hatchback and Sports car that the Organisers have given permission to join the championship or single events.

1.6.3 Points will be awarded to Competitors listed as classified finishers regardless of Class in the Final Results as follows:

1st 30 points	7th 16 points	13th 4 points
2nd 27 points	8th 14 points	14th 3points
3rd 24 points	9th 12 points	15th 2 points
4th 22 points	10th 10 points	16th and below 1 point
5th 20 points	11th 8 points	
6th 18 points	12th 6 points	

2023 MSVT Trackday Championship
Sporting & Technical Regulations

- 1.6.4 1 point will be awarded for each Competitor beaten in class up to an additional 5 points.
- 1.6.5 1 point will be awarded for each Competitor beaten in a higher class up to an additional 5 points.
- 1.6.6 Subject to there being 3 or more cars in the class at the start of qualifying; 3 points will be awarded to the Competitor setting the fastest lap in each class, 2 points awarded for the second fastest lap in class, and 1 point awarded for the third fastest lap in class.
- 1.6.7 1 point will be awarded to the Competitor setting the fastest lap in each class during each race subject to there being 3 or more starters in the class.
- 1.6.8 Competitors not registered for the Championship may be permitted on an individual round basis and will:
- (i) Be deemed “Guest Competitors”
 - (ii) Not score points and for the purpose of points scoring will be ignored
 - (iii) Qualify for events
 - (iv) Comply with the eligibility as prescribed in Article 1.3 above, with the exception of 1.3.1(ii) and 1.3.2(ii), as appropriate.
- 1.6.9 The totals from all qualifying Championship Events run less one will determine the final individual points and positions, unless (1.5.3) applies. The overall winner of the Championship will be the Competitor with the most points.
- 1.6.10 Cars in any Invitation Class will not score points and will be “invisible” with respect to the points scored by other Competitors.
- 1.6.11 If a race is stopped and cannot be resumed, no points will be awarded if the leader has completed less than 2 laps, half points will be awarded if the leader has completed more than 2 laps but less than 75% of the original race distance, and full points will be awarded if the leader has completed more than 75% of the original race distance. In accordance with Motorsport UK General Regulation [Q12.28.6] any race that has been run, in its entirety, under Safety Car conditions shall be declared null and void.
- 1.6.12 Should a driver change cars during the course of the season, points may be carried over to the new car provided that car runs in the same class. A new set of points may be built up for drivers changing into a different class. Only in exceptional circumstances and at the sole discretion of the Championship Organiser if a Competitor changes into a car in a different class, may points be moved between classes.
- 1.6.13 Where the race distance has been reduced (2.6) it shall still count as a full point scoring round.
- 1.6.14 In the event of a double header both races will be classed as full point scoring rounds.

1.7 Awards

- 1.7.1 Awards will be provided by MSV
- 1.7.2 Per round, trophies to: 1st 2nd and 3rd in class.
- 1.7.3 Bonuses:

The Championship Organising Club will endeavour to obtain sponsored awards or

2023 MSVT Trackday Championship
Sporting & Technical Regulations

bonuses during the championship and reserves the right to introduce same at any time without any obligation to distribute such awards retrospectively.

1.7.4 Presentations:

Winners Caps and Trophies are to be provided for presentation at the end of each race or at an end of the meeting presentation ceremony. Prize money and bonuses, if any, shall be posted to the Entrants within 10 days of the results of each round being declared final.

1.7.5 Championship:

A trophy will be awarded to the overall Championship winner and class winner(s)

1.7.6 Entertainment Tax Liability:

In accordance with current government legislation, MSV Racing is legally obliged to withhold tax at the basic rate on all payments to non-UK resident sportsmen/women.

That is, those persons who do not have a normal permanent residence in the UK. The UK does not include the Isle of Man, Channel Islands or Eire. This means that, as the Organiser, MSV Racing is required to deduct tax at the current rate applicable from any such payments they may make to non-UK residents.

Under certain circumstances, it may be possible for Competitors to enter into an agreement with the Inland Revenue to limit the tax withheld. Any application for such an arrangement must be made in writing and not later than 30 days before the payment is due.

For further information contact:

The Inland Revenue
Foreign Entertainers Unit
Centre for Non-Residents
St John's House
Merton Road
Merseyside L69 9BB
Tel: 0151 472 6488 FAX: 0151 472 6483.

1.7.7 Title to all Trophies:

In the event of any Provisional Results being revised after any provisional presentations and such revisions affect the distribution of any awards the Competitors concerned must return such awards to the Championship Coordinator in good condition within 7 days.

1.8 Radios

1.8.1 In the interest of safety, radios are permitted (Motorsport UK Regulation [Q11.3]). The transmission of technical data and information related to the performance of the driver and or car however, is prohibited.

1.8.2 The driver/support personnel will at all times comply with the terms and conditions specified from time to time by Ofcom and other official bodies (e.g. an airport authority)

for the use of their frequency. (Motorsport UK Regulation [Q11.3])

2 CHAMPIONSHIP EVENT MEETINGS & RACE PROCEDURES

- 2.1.1 Competitors are responsible for sending in correct and complete entries with the correct entry fee prior to the closing date for entries before each event.
- 2.1.2 Incorrect or incomplete entries (Including Driver to be Nominated Entries) are to be held in abeyance until they are complete and correct and the date of receipt for acceptance of entry purposes shall be the date on which the Meeting Organiser receives the missing or corrected information or fee.
- 2.1.3 Any withdrawal or Entry or Driver/Car changes made after acceptance of any entry must be notified to the Meeting Organisers in writing. [D25.1.12] applies. If Driver/Vehicle changes are made after publication of Entry Lists with Final Instructions the Competitor concerned must apply for approval of acceptance by the Stewards of the Meeting BEFORE Signing-On.
- 2.1.4 The Entry Fee for each event shall be specified in the Supplementary Regulations and on the entry form.
- 2.1.5 Reserves will be listed in the Final List of Entries published with Final Instructions or in a Bulletin. All Reserves will practice and replace withdrawn or retired entries in reserve number order, irrespective of class. If Reserves are given Grid Places prior to issue of the first Grid Sheets, the times set in Practice shall determine their grid positions. If Reserves are given places after publication of the grid sheet and prior to cars being collected in the Official "Assembly Areas" they will be placed at the rear of the Grid and be started without any time delay.
- 2.1.6 Acceptance of entries will be in accordance with the Motorsport UK Yearbook (Sections H29 to H30 and W1.3.7). The following prioritisation being applied i) Championship contenders first in consultation with the Championship Organisers ii) registered Competitors who have taken part in previous rounds and iii) registered Competitors competing for the first time in the Championship. (Section W.1.3.7 of the current Motorsport UK Yearbook). In the event of over subscription, a reserve list of up to 20% of the grid will be accepted on the basis of the above.
- 2.1.7 Cancellations and refunds
- If a race entry is withdrawn, no refunds will be offered. However, if a withdrawal is received by the Championship Organiser 14 days prior to the race, a credit will be offered towards the next race. This credit is also available to be used towards other MSVT products. In any case, a £20 administration charge will be incurred. Withdrawals made within 14 days of a particular race will not be subject to any credit being offered.

No refunds or credits can be offered for Trackday Championship registration packs.

MSVR may cancel, postpone or alter any Date(s) or Track Time of the Event(s) in accordance with the requirements of any Governing Body and whether for reasons of Force Majeure or otherwise. In the case of cancellation or postponement, MSV shall notify the Competitor of any such cancellation or postponement as soon as reasonably practicable. MSVR reserve the right to reduce Track Time during the course of the event, whether for reasons of Force Majeure or otherwise, without any repayment to the Competitor.

Sporting & Technical Regulations

2.2 Briefings:

MSVR will notify Competitors of the times and locations for all briefings in the Final Instructions for the meetings. Competitors must attend all briefings.

2.3 Qualification Practice

2.3.1 Should any Practice session be disrupted the Clerk of the Course shall not be obliged to resume or re-run the session; the decision of the Clerk of the Course shall be final.

2.3.2 Each driver shall complete a minimum of 3 laps in the car to be raced, and in the correct session, in order to qualify (Motorsport UK Regulation [Q4.5]). The Clerk of the Course and/or Stewards of the Meeting shall have the right to disqualify any driver whose practice times or driving are considered to be unsatisfactory - as per Motorsport UK Regulation [Q4.5].

2.4 Races:

2.4.1 Should any race be disrupted the Clerk of the Course shall not be obliged to resume or rerun the race [Q5.4]. (1.6.10. above applies)

2.4.2 The minimum scheduled distance shall be 45 minutes whenever practicable, but should any race distance be reduced at the discretion of the Clerk of the Course or Stewards of the Meeting it shall still count as a full points scoring round.

2.4.3 Each car will make a mandatory pit stop which must be a minimum of two minutes in length. This will be timed from the entrance of the pit lane to the exit of the pit lane. These points will be indicated by boards in the pit lane indicating the start of the pit lane speed limit and the end of the pit lane speed limit. Failure to meet the minimum duration of the pit stop will result in a one-lap penalty.

2.4.4 The mandatory pit stop must be between 15 & 30 minutes after the start. Driver changes will only be permitted during the stationary period of the pit stop.

2.4.5 Should the race distance have to be reduced, the Clerk of the Course may, at their sole discretion, change the pit window opening time and/or duration. Competitors will be advised of the revised plan at the earliest opportunity.

2.4.6 In all cases seat belts must not be loosened or unfastened before the car comes to a complete stop and must be securely fastened before the car moves off.

2.4.7 Failure to make a pit stop during the Pit Stop Window will result in a two-lap penalty.

2.4.8 For the avoidance of doubt, a short stop out of the pit stop window will result in a three-lap penalty.

2.4.9 Failure to make a mandatory pit stop will result in disqualification from the race results.

2.4.10 Should any race be stopped before the "Pit Window Closed" board is displayed, all Competitors unable to complete their pit stop (i.e. still in the pit lane when the chequered flag or red flag is shown) will have a 2 minute penalty applied to their race time in lieu of their pit stop. Under these specific conditions, Competitors who have not yet attempted a pit stop will receive the same 2 minute penalty, on the assumption there was still time to enter the pit lane before passing the "Pit Window Closed" board.

2.4.11 Cars which require any mechanical assistance (for the avoidance of doubt, this includes any form of tele-handler or recovery vehicle) will not be permitted to re-join the race.

2023 MSVT Trackday Championship
Sporting & Technical Regulations

Cars pushed by hand by the marshals will be permitted to continue. This rule will take effect as soon as the vehicles have left the assembly area.

2.5 Starts:

- 2.5.1 All cars will be released to form up on the grid prior to the start in formation as specified on the grid sheet. In normal circumstances the grid will be formed in order of qualifying times, with any Guest Class cars on a second grid separated by a two row gap, in their order of qualifying.
- 2.5.2 The start will be via standing start. The Organisers may vary the start procedures at any point prior to a race by issuing a championship bulletin.
- 2.5.3 Start Procedure: In normal circumstances there will be one green flag/formation lap.
- 2.5.4 The minimum Countdown procedures/audible warnings sequence shall be:-
- i) 1 minute to start of Green Flag Lap - Start Engines/Clear Grid.
 - ii) 30 Seconds - Visible and audible warning for start of Green Flag.
 - iii) Green Flag Lap – Complete one lap of the circuit, forming onto the grid
 - iv) A five second board will be used to indicate that the grid is complete
 - v) The red lights will be switched on five seconds after the board is withdrawn.
- 2.5.5 Any car removed from the grid after the 1-minute stage or driven into the pits on the Green Flag lap shall be held in the pit lane and may start the race after the last car has passed the start line or pit lane exit, whichever is the later to take the start from the grid.
- 2.5.6 Any driver unable to start the Green Flag or start are required to indicate their situation as per Motorsport UK Regulation [Q12.11.2]. In addition, any driver unable to maintain grid positions on the Green Flag Lap, to the extent that ALL other cars are ahead of them, may complete the Green Flag lap but MUST remain at the rear of the last row of the grid but ahead of any cars to be started with a time delay.
- 2.5.7 Any car late to the assembly area, to the extent that a car(s) positioned behind it on the grid have already made their way onto the circuit, will be required to start the race from the pit lane and not take their starting position. In the event that a late car does manage to take its starting position by passing cars on the actual or dummy grid, that car will be subject to a drive through penalty.
- 2.5.8 The separate Guest Class grid will start on the National Flag with a 10 second delay.
- 2.5.9 In the event of any starting lights failure the Starter will revert to use of the National Flag.

Any change in the above procedure will be detailed in Final Instructions, by bulletin or by drivers briefing.

2.6 Session Red Flag

Should the need arise to stop any race or practice, RED LIGHTS will be switched on at the Startline and RED FLAGS will be displayed at the Startline and at all Marshals Signaling Points around the Circuit.

2023 MSVT Trackday Championship Sporting & Technical Regulations

This is the signal for all drivers to cease circulating at racing speeds, to slow to a safe and reasonable pace and to return to the pit lane, during practice, and to the starting grid area, during a race which will automatically become a Parc Ferme area, unless otherwise directed by officials.

Cars may not enter the Pits unless directed to do so. Work on cars already in the Pits must cease when a race is stopped.

2.7 Pits, Paddock & Pitlane Safety:

Pits & Paddock: Entrants must ensure that the Motorsport UK, Circuit Management and Organising Club Safety Regulations are complied with at all times. The onus shall be on all drivers to ensure safe working practices are adhered to (in line with the event supplementary regulations) both in the pit lane and paddock during the course of the race weekend.

2.7.1 Pit lane: The outer lane or lanes are to be kept unobstructed to allow safe passage of cars at all times. The onus shall be on all Drivers to take all due care and drive at minimum speeds in pit lanes.

2.7.2 Refuelling: May only be carried out in accordance with the Motorsport UK General Regulations, Circuit Management Regulations and the SRs or Final Instructions issued for each Circuit/Meeting. Refuelling is not permitted during qualifying or the race.

2.7.3 Speed Limit: Pit Lane Speed Limit will be 60 km/h

2.8 Race finishes:

2.8.1 After taking the Chequered Flag drivers are required to:

- i) progressively and safely slow down
- ii) remain behind any Competitors ahead of them,
- iii) return to the Pit Lane Entrance/Paddock Entrance as instructed,
- iv) comply with any directions given by Marshals or Officials
- v) keep their helmets on and harnesses done up while on the circuit or in the pitlane.

2.8.2 Parc Ferme: After each qualifying session and race the vehicles must be presented directly for scrutineering. Any area deemed by the licensed Eligibility Scrutineer and/or his nominated representative will be subject to Parc Ferme conditions with no exceptions. This will include the track from the track to the finish line to the scrutineering area, the waiting area in front as well as the track from the scrutineering area to the Parc Ferme, but all areas may be used as necessary. Support personnel must not enter Parc Ferme unless invited by the Championship Eligibility/Safety Scrutineer.

2.9 Results:

All Practice Timesheets, Grids, Race Results are to be deemed PROVISIONAL until all vehicles are released by Scrutineers after Post Practice/Race Scrutineering and/or after completion of any Judicial or Technical Procedures. (Motorsport UK regulation [D26.3])

2.10 Timing Modules:

2.10.1 All Competitors will be required to fit Electronic Self Identification Modules to their cars for the purposes of accurate timing. It will be the responsibility of the Competitor to fit these in the car in the position and manner specified. The Modules must be in place and functioning correctly for all qualifying practice sessions and races. The setting and

2023 MSVT Trackday Championship
Sporting & Technical Regulations

servicing of these items must only be carried out by properly authorised Motorsport UK licensed Timekeepers. Timing Modules are available to hire from MSV. Competitors will be charged for replacement of the Modules due to damage or loss.

- 2.10.2 Competitors may not place electronic timing equipment within five metres of the official Start, Finish or any other official timing lines at any event or test session/day. Any such equipment placed within these zones will be removed.

2.11 Qualification Races:

In the event of the need for any qualification races, the procedures will be as published in the Final Instructions for the event concerned.

2.12 Operation of Safety Car:

The Safety Car will be brought into operation and run in accordance with Section Q, Appendix 3 of the Motorsport UK Yearbook.

2.13 Onboard Cameras:

- 2.13.1 On board cameras must be fitted in accordance with Motorsport UK Regulation J5.21 and the following regulations
- 2.13.2 Competitors must fit cameras that should capture an image that provides a “drivers eye” view that should include the steering wheel, dashboard and a view of the circuit ahead with a field of vision approximately 100 degrees.
- 2.13.3 The choice of system is free, but playback must be possible at the event by regular means such as a laptop.
- 2.13.4 Where no judicial process has been instigated the Competitor may not review the footage until the protest time (see Motorsport UK Regulation [C5.2.1]) has elapsed without the express permission of the Clerk of the Course.
- 2.13.5 In the event that no images are available upon request (other than due to a proven defect with the equipment), sanctions may be applied in accordance with Motorsport UK Regulation [C2.1.1]. The burden of proof to establish the cause of such failure shall lie with the Competitor. The Clerk of the Course may also refer the matter of lack of recorded images to the Championship Stewards for further sanctions, including but not limited to loss of Championship points.
- 2.13.6 It is the responsibility of the Competitor to ensure that a clear memory card is fitted to the camera, and that it has suitable space available for filming the session the car is taking part in.
- 2.13.7 All rights including copyright in relation to footage captured by on board cameras, no matter that the camera is owned by the Competitor, will belong to the Organiser and/or Venue Owner/Operator and may not be shared or otherwise used for broadcast or

2023 MSVT Trackday Championship
Sporting & Technical Regulations

commercial purposes or on social networking sites, forums or any other internet media without permission of the Organiser and/or venue owner/operator.

- 2.13.8 Where it is necessary for the Clerk of the Course to review footage after an event that such footage should normally be reviewed within a period of 7 days of the event.
- 2.13.9 Any breach of camera regulations should be subject to penalties provided for in Motorsport UK regulation [C2.1.1] with an option to report any matters to the Championship Stewards.
- 2.13.10 In the event of judicial action, all relevant on board footage must be retained until the time period for all judicial matters has elapsed. The Competitor is responsible for carrying and fitting an alternative memory card should one be needed whilst this activity is completed.

3 SPECIFIC CHAMPIONSHIP REGULATIONS

- 3.1.1 One official qualifying session of 25 minutes duration will be scheduled at each meeting.
- 3.1.2 In the event of a double header; the starting grid for the first race of that meeting will be published as soon as possible following the completion of the official qualifying session.
- 3.1.3 The starting grid for the second race of the meeting will be published as soon as possible after the completion of the first race. The grid will be formed by the finishing order in the first race, as published by the official timekeepers and authorised by the Clerk of the Meeting.
- 3.1.4 Any number between and including the first five and ten finishers from the first race shall have their grid positions for the second race reversed, with the number picked at random by the winner of the first race. All other classified finishers will be allocated grid positions in accordance with their finishing order from the first race. Competitors not classified as finishers in the first race will be placed on the starting grid for the second race after the last classified Competitor according to number of laps covered.

3.2 Motorsport UK Respect Code:

By registering for the Championship all Competitors and their associates commit to positively promote and demonstrate the Motorsport UK's Respect Code.

- 3.2.1 Where any reports of disrespectful conduct are judged to be well founded the Championship Organisers may issue warnings or require remedial actions and/or report the matter to the Championship Stewards who may impose appropriate penalties which can include loss of Championship points and/or race bans through to Championship Expulsion and referral to Motorsport UK.
- 3.2.2 It is imperative that we promote the safety and wellbeing of young people and adults at risk. In addition to this all participants must be aware of their behaviour and conduct at all times and abusive language and harmful behaviour will not be tolerated. Any such incidents must be reported to the Championship Coordinator and/or Safeguarding Officer who will also relay the report Motorsport UK. Details of the Motorsport UK Policies and Guidelines are available at www.motorsportuk.org/resource-centre by selecting Policies and Guidelines.

4 SPECIFIC CHAMPIONSHIP PENALTIES:

2023 MSVT Trackday Championship
Sporting & Technical Regulations

In accordance with Section C of the current Motorsport UK Yearbook, and these regulations.

4.1 Infringements of Technical Regulations:

4.1.1 Arising from post practice Scrutineering or Judicial Action:

Minimum Penalty: The provisions of Motorsport UK Regulations: [C3.3].

4.1.2 Arising from post-race Scrutineering or Judicial Action:

Minimum Penalty: The provisions of Motorsport UK Regulations: [C3.5.1] – [C3.5.2]

For infringements deemed to be of a more serious nature the Clerk of the Course and/or Stewards of the Meeting are to invoke the provisions of Regulation [C3.5.1(c)]

4.2 Additional Specific Championship Penalties:

4.2.1 In the event of any breach of the regulations, the Championship Stewards shall be entitled to impose further penalties, including:

- i) Removal of all or any championship points claimed by the Competitor
- ii) Disqualification of a car and/or a Competitor from the championship

4.2.2 In order to maintain standards of conduct, the Championship Organisers will monitor all officials/observers reports of adverse behaviour at race meetings. If any individual is included on such reports during competition the Championship Coordinator will notify the Organisers who will issue a warning letter that his / her driving behaviour is to be specifically observed at future race meetings. This will remain on record for all Competitors registered in that car for 12 calendar months from the time of first issue

4.2.3 Adverse second such report during this 12 month period of observation will result in the disqualification from entry of all Competitors registered in that car, and the car itself to the next scheduled event.

4.2.4 Further reports may be referred to the Championship Stewards for consideration of further sanctions including but not limited to possible refusal of further race entries or other sanctions as seen fit.

4.2.5 In the event that adverse behaviour is not reported during the meeting, video footage may be sent to the Championship Organisers who can request that the appointed Driving Standards Committee perform a review. Footage may only be submitted within three days of the meeting.

4.2.6 On review of the footage, the Driving Standards Committee may request that the Championship Organisers issue either: a warning letter stating that driving behaviour is to be specifically observed at future race meeting or a formal warning.

4.2.7 The Driving Standards Committee may also request through the Championship Coordinator that the Championship Stewards issue a single or multiple race ban in cases of severe adverse behaviour on or off track. This process is supplementary to the

2023 MSVT Trackday Championship
Sporting & Technical Regulations

standard Motorsport UK judicial process and does not replace, overrule or amend it in any way.

- 4.2.8 The Clerk of the Course may impose a Stop & Go or Drive Through penalty for infringements of the regulations in accordance with Motorsport UK Regulation [Q12.26 (a-h)].
- 4.2.9 The Clerk of the Course may impose a grid position penalty for the next race or races of the Championship for infringements of the regulations.
- 4.2.10 Any penalty imposed by the Clerk of the Course that results in penalty points being given, will result in a championship points deduction for all Competitors registered in that car based on the following formula: Championship Points Deduction = Penalty Points x 3
- 4.2.11 The Clerk of the Course may impose such penalties as appropriate according to the powers granted to him in [G5.3]
- 4.2.12 In the event that penalty points are imposed, the Competitor is obliged to count the event(s) as one contributing to their overall Championship position, and will not be allowed to drop the score from the offending round(s).
- 4.2.13 Methanol in/on the car or at the meetings is prohibited, due to the difficulty of identifying it's flame once ignited. Any Competitor found to have Methanol in/on the car, or at the meeting will be disqualified from the meeting immediately.

5 TECHNICAL REGULATIONS

5.1 Introduction:

The following technical regulations are set out in accordance with Motorsport UK specified format and it should be clearly understood that if the following texts do not clearly state that you can do something you should seek clarification from the championship Organisers prior to making any changes.

The Organisers reserve the right to modify these championship regulations as appropriate to ensure close competitive racing at all times.

By registering for the Championship Competitors will be deemed to have full knowledge and acceptance of these regulations.

Entrants must at all times comply with the directives of the Championship Organiser in respect of scrutineering and eligibility checking.

If your vehicle does not conform to a specific regulation, please email regs@msv.com prior to the closing date for race entries with a detailed description of the part of your vehicle in question. Please include photos and any other information that might be relevant so that we can review your entry accordingly.

In any case, all Motorsport UK safety requirements must be adhered to as specified in the 2023 Yearbook.

5.2 Description:

The MSVT Trackday Championship is for Competitors participating in Production and Production based Saloon, Hatchback and Sports cars.

2023 MSVT Trackday Championship
Sporting & Technical Regulations

Vehicles of commercial type, such as a van/pick-up which were initially intended solely for commercial or goods carrying, are also permitted to take part in the championship.

Four Wheel Drive is not permitted.

The responsibility to prove eligibility is that of the entrant at all times. The championship Organisers in conjunction with the Championship Scrutineer shall determine matters as to the eligibility and the implementation which may involve photographing any part of the vehicle and performing electrical diagnostics at the scrutineers discretion.

Guest/Invitation Class: For any car that the Organisers have given permission to join the Championship or single events

Guest/Invitation Class cars will be classified in the overall results (not by class), but not be awarded trophies or championship points.

Guest cars must also fully comply with section (5.2) of these regulations.

All entries are at the discretion of the Championship Organisers.

5.3 Power Testing

5.3.1 All vehicles entering the series must be power tested prior to their first event by Total Track Ltd. The test will measure power at the hubs.

Tests will be scheduled at 3 pre-season power testing days at 3 MSV circuits and on the Friday before a selection of race meetings. The dates for these will be communicated to Competitors by MSV. The cost of these power tests will be £125 inc VAT. Repeat tests will also be charged at £125 inc VAT.

If you are unable to attend a scheduled power testing day, you may arrange a test at Total Track's premises as detailed below. These tests will be charged at £100 inc VAT. Repeat tests will also be charged at £100 inc VAT.

Testing at Total Track's premises must be pre-booked by email, if Competitors arrive unannounced they will be turned away.

2023 MSVT Trackday Championship
Sporting & Technical Regulations

- 5.3.2 Classed vehicles must provide MSVT with the "Performance Certificate" detailing their power figure and test date, prior to the first race meeting, and must provide a revised certificate should you make any changes to your powertrain package.
- 5.3.3 Classed vehicles must provide MSVT with the accurate declared weight (outlined in regulation 5.3.1) of the vehicle prior to their first meeting.
- 5.3.4 Should any classed vehicle when checked at a meeting, fall outside of their declared class due to being under their declared weight figure, or over their declared power figure, that vehicle will be disqualified from all sessions of the meeting up until that point, and moved to the guest/invitation class for future sessions of the meeting unless corrected power graphs/weights can be observed.
- 5.3.5 The operator of the power testing equipment (Total Track) shall be a judge of fact under the event regulations.
- 5.3.6 Following Qualifying and Race sessions, the operating area for the power test, will be treated as parc fermé and will be subject to parc fermé conditions. For the avoidance of doubt, this includes the route from the pit lane or parc fermé to the power testing area/location, and route back from the power testing area/location to the main parc fermé area/location.
- 5.3.7 **Power testing procedure** (procedure to be the same at Total Track Ltd premises or at each event at circuit):
1. Car owner/operator will be asked to confirm all coolant, oil and fuel levels are correct and fine before fitting car to Dynapack. Car will be fitted using 4 or 5 stud wheel adaptors. Cars running Single hub nuts & wheels will need to contact Total Track Ltd to confirm suitable fitting attachment is available for testing before bringing the car to test. An additional charge will be made to cover cost of adaptor.
 2. Car will be run until normal coolant operating temperature is reached and oil temperature (where measured) is minimum 50 Deg C
 3. Car must run with bonnet or engine covers down as per how it would be on track
 4. Power run settings will be as follows:
 - Car must be tested in a gear that exceeds 150KPH before the test finishes based on theoretical gearing calculations. A default gear of one below top will be used as a default.
 - Hold between 2750 and 3250RPM for 4 seconds to stabilize the dyno and engine load.
 - Power will be tested to the rev limiter.
 - The power run test will be set at an acceleration rate of 500RPM per second e.g., 3000rpm to 8000rpm will be approximately 10 second test.
 - The car will be tested 3 times to provide a heat soaked condition for real world measuring. The highest power reading will be used to calculate the power to weight ratio for calibration tests, whereas post race/qualification the middle reading will be used.
 - Should the power testers deem in necessary, additional power runs may be completed. Additional runs will be conducted at the testers' discretion.
 - Application of a tolerance of 2% to reflect real world conditions will be at the pure discretion of the Meeting Organisers and Total Track Dyno operators.

2023 MSVT Trackday Championship
Sporting & Technical Regulations

5. Car will be allowed to cool down until owner/operator is satisfied that the engine can be shut off.

Once the car has been tested the Competitor will sign the “dyno agreement form” confirming that they agree the test has been conducted per these regulations, before the car is released from the testing area. Failure to do this may result in further testing of the vehicle, of the vehicle being impounded by the Clerk of the Course or the Eligibility Scrutineer for further interrogation, including but not limited to external testing by the dynapack UK distributor.

Where the conclusion of the further interrogation/power testing confirms non-compliance, the entrant shall be responsible for all costs and fees arising from the interrogation/power testing procedure

5.3.8 **Dynapack Dyno Calibration:**

The Total Track Ltd dyno will be serviced, maintained and calibrated in accordance with Manufacturers specifications. Accuracy of torque/power measurement to be maintained within the 0.5% accuracy tolerance allowed.

The correction factor for all dyno tests will be “SAE adaptive”.

PLEASE NOTE: All vehicles must be tested between 1st January 2023 and the day prior to the last race meeting. Any dyno reports conducted before this time will not be valid for the 2023 season.

All vehicles must be fitted with a rev limiter.

All vehicles must be under the maximum power to weight ratio as specified by MSV. The Organisers reserve the right to alter a Competitor’s class (based on performance). In any case, a Competitor will be informed of the class change prior to the race. Should Total Track be unable to conduct power tests for a prolonged period, (or in the case of force majeure), the Organisers reserve the right to allow power testing at: AET Motorsport, Beckbridge Road, Normanton WF6 1TE; or Finsport, Unit 2, Old Station Yard, Station Road, Digby, LN4 3NF. This may only take place with prior written consent from the championship Organisers.

PLEASE NOTE: At some rounds, Competitor’s vehicles may be weighed and tested for their power output at the hubs.

- 5.3.9 In the event that an eligibility power test for the current season is not possible prior to the Competitor’s first round, and where the car is confirmed to be unmodified, drivers who have raced in the same car in a MSVT race series/championship within the last 12 months may submit last season’s eligibility power test on the following conditions:

- i) That a signed declaration is submitted confirming that no modifications have taken place since the power test was conducted
- ii) That the Competitor understands that in the interim spot checks will be conducted and checked against the submitted eligibility test
- iii) A payment for the current season’s eligibility test is made in full to the dyno provider prior to the Competitor’s first race
- iv) An eligibility test is completed before the end of the current season

5.4 **Presentation**

Cars must be presented to a high standard. Unpainted panels, unrepaired damage or cars not achieving a satisfactory level of preparation and presentation, as judged by the championship scrutineer, may receive a warning and may ultimately result in disqualification.

Presentation for a vehicle for scrutineering is a declaration by the entrant that the vehicle is eligible for that event and fully complies with the championship regulations.

5.5 **Safety Requirements:**

The following Articles of Motorsport UK Yearbook 'Section K Competitors: Safety' regulations are highlighted as being applicable (but not to the exclusion of any other) Motorsport UK General Regulations that automatically apply – see 5.1.2 above):

K 1.2.1 & K 1.2.2 – ROPS (Roll over protection systems) general safety specifications
K 1.2.3 – ROPS, compulsory diagonal bar
K 1.3.5 – ROPS, optional reinforcement
K 2.1.1 - K 2.1.4 – Seat belts, 4, 5 and 6 point harnesses
K 3.1 – Fire extinguisher
K 5.1 & K 5.2 – Red warning light
K 6 – Fuel tanks & fillers
K 8 – External circuit breaker
K 9 – Race Overalls (in particular, K9.1.1)
K 10 – Crash helmets
K 13 – Head restraints

ALL drivers are required to wear a correctly fitted FHR at all times when on track, regardless of age of car.

A link to the current Motorsport UK Competitors & Officials Yearbook can be found here: <https://www.motorsportuk.org/News-Publications/Publications/Yearbook>

5.5.1 **Safety Harnesses**

In order to maintain the integrity of the harness system in the event of an accident, it is recommended that these should be a minimum of five-point attachment, in accordance with [Q13.10.2].

5.5.2 **Seats**

It is strongly recommended that seats have side wings or side head restraints to take into account lateral forces.

5.6 **General Technical Requirements & Exceptions**

All vehicles must comply with the relevant sections of the 2023 Motorsport UK Yearbook Section J and [Q13].

5.6.1 Competitors registering in this Championship do so in the full knowledge that the Organisers reserve the right to require the Championship Scrutineer to carry out, record and enforce eligibility checks which may include the sealing of component(s) for subsequent checking. The costs of such checking shall be borne by the Championship

2023 MSVT Trackday Championship
Sporting & Technical Regulations

Organisers but the Organisers shall not be liable for the costs of stripping or reassembly or rebuilding of vehicles after the checks have been carried out.

- 5.6.2 Advertising on vehicles is subject to requirements set out in Motorsport UK Yearbook Q13.2.2 and H28. For the avoidance of doubt, use of the side windows of the vehicle for advertising is strictly prohibited.
- 5.6.3 All vehicles must comply with Motorsport UK General Technical Regulations and the relevant parts of the Motorsport UK Yearbook except where specified below.
- 5.6.4 Vehicles must be fitted with at least two externally mounted rear view mirrors.
- 5.6.5 Engines may be sealed at any time by a Licensed Eligibility Scrutineer and only by written permission in advance from the championship Organisers or championship Eligibility Scrutineer may seals be broken.
- 5.6.6 The Car Specification elements of the Championship Registration documents must be fully completed and will form part of a declaration of the cars suitability to align with this championship. This document should be with the car when presented for scrutineering.
- 5.6.7 If a workshop manual or manufacturers specification sheet specifically for the model being raced is not available, then a manual for the standard version of the vehicle with any other relevant supplementary information to prove the authenticity of the uprated model would be acceptable. The onus is on the entrant to prove eligibility of the model.

5.7 Chassis:

- 5.7.1 Chassis and chassis members must remain as originally manufactured and lightening or reducing of chassis or chassis member strength is prohibited save that the spare wheel well may be removed for the sole purpose of the fitting of a fuel tank in the boot area. A steel plate of at least the thickness of the metal removed must cover any remaining aperture.
- 5.7.2 Addition of material to strengthen the chassis and seam welding is permitted.
- 5.7.3 Minimum ground clearance is 80mm excluding exhaust systems.
- 5.7.4 All cars must retain the standard floor pan – flat floors are not permitted.

5.8 Bodywork:

- 5.8.1 Bodywork must be complete and standard in shape and silhouette, material and thickness on all exterior surfaces except that bonnets, doors, boots and spoilers may be replaced with lightweight replicas and any non-metallic panel may be replaced with a fibreglass replica. In the case of a hatchback the hatch may be fibreglass.
- 5.8.2 Aerodynamic devices are permitted, providing that they comply with the provisions set out in Appendix J of the Motorsport UK Yearbook (particularly J5.20.10 & J5.20.11) in terms of fixed rear wings, rear diffusers and front splitters only. It is implicit that these

2023 MSVT Trackday Championship
Sporting & Technical Regulations

devices must be approved by the scrutineers. Active aero/DRS systems are not permitted.

5.8.3 A “roof scoop” may be allowed for the purpose of ventilation for the driver’s cockpit.

5.8.4 Modifications to the silhouette may be permitted subject to all of the following conditions:

Such modifications are:

- Fitted for safety or efficiency (for example to aid cooling of either the interior cabin or engine bay without a significant performance advantage)
- Approved by the championship Organisers and scrutineers in advance.
- In keeping with the spirit of the championship (modifications that give a significant performance advantage at a high financial cost will almost certainly be illegal or outlawed in future regulations).

5.8.5 Headlights can be removed but must be replaced with blanking plates in order to retain the existing, exterior shell of the vehicle. All modifications must also comply with the regulations relating to presentation. Any replacement panels must be securely fixed.

5.8.6 The removal of exterior decorative strips and bumper overrides is permitted. Reworking or modification to exterior bodywork is prohibited but any part of the arch/wing pressing folded into the wheel arch may be deformed, but not removed, to give clearance to the tyres. Any item below the centreline of the wheel must not project beyond a line drawn at 45 degrees to the horizontal and tangential to the bodywork (not including overrides).

5.8.7 All internal panels and subassemblies must remain as originally manufactured, save that interior door cards may be removed or replaced subject to meeting Motorsport UK requirements. Strengthening is permitted. Battery trays and their supports may be removed.

5.9 Interior:

5.9.1 The original boot and bonnet hinges and fasteners may be removed and are free but the original bonnet and boot shut lines must be as in production.

5.9.2 It is recommended that all cars fit a FIA compliant window net to the driver’s side of the roll cage.

5.9.3 These regulations require the retention of the dashboard. In the habitable, floor carpets, under felt, sound deadening, headlining, front and rear parcel shelves, centre consoles,

2023 MSVT Trackday Championship
Sporting & Technical Regulations

the front passenger and rear seats and trim in the boot/luggage compartment may be removed.

- 5.9.4 Instrumentation is free, however a working and accurate tachometer (rev counter) must be fitted.
- 5.9.5 All windows are free. However, Competitors must provide a method for ventilating their vehicle.
- 5.9.6 Driver's seat is free subject to Motorsport UK requirements and the driver must be located entirely to one side of the centre line of the car.
- 5.9.7 Heaters and interior ventilation systems may be removed. Adequate ventilation must be provided in order to facilitate windscreen demisting.

5.10 Engine:

- 5.10.1 All entries must be powered by a *production car engine originally available through normal commercial channels of a car manufacturer in quantities of not less than 1000 units within 12 consecutive months* that is fitted in the original location with a rev limiter present.
- 5.10.2 Fitting forced induction to a vehicle originally homologated as Normally Aspirated is permitted, subject to that vehicle submitting a declaration of parts used.
- 5.10.3 Induction - air filter and air filter box may be removed and air ducting/trunking is free provided it does not extend beyond the periphery of the bodywork. Anti-surge pipes are permitted as also are return pipes from the carburetor/injection system.

Forced induction is only permitted on engines which were originally supplied as forced induction by the manufacturer. Turbochargers, superchargers and related components may be sealed by scrutineers, where this has been the case seals may not be broken without permission in writing by the Championship Organisers. Damaged, missing or broken seals, may cause a component to be judged non-compliant.

Forced induction vehicles are subject to the correct penalty ballast being applied. For vehicles under 2000cc, 30kg penalty ballast must be applied. This shall increase by 20kg for every 500cc over and above 2000cc i.e. - Up to 2000cc = 30kg, 2001-2500cc = 50kg, 2501-3000cc = 70kg, etc.

Forced induction penalty ballast must not be included in the weight declared for class eligibility and cannot be absorbed within the mass of the vehicle. All ballast must be clearly labelled, securely fitted by at least four M8 bolts in the passenger foot well or passenger seat position and be visible for inspection at any time – (References Motorsport UK Yearbook Regulations J5.15).

Boost pressure must not be adjustable from within the driver's cockpit nor be adjustable remotely.

The Organisers reserve the right to introduce or modify requirements for forced induction engines.

2023 MSVT Trackday Championship
Sporting & Technical Regulations

- 5.10.4 Oil coolers and additional water radiators are permitted provided they are located within the periphery of the bodywork.
- 5.10.5 The exhaust system is free subject to Motorsport UK requirements.
- 5.10.6 Inlet and exhaust manifolds are free.
- 5.10.7 It is permissible to remove metal from original cylinder blocks and heads.
- 5.10.8 Fuel pumps and fuel tanks are free subject to Motorsport UK requirements.
- 5.10.9 All other engine components are free.
- 5.10.10 Engine Sealing: Wire or paint may be used. To allow for scrutineers wire seals, every installed engine must have 1/16" holes drilled in readily accessible locations:
- A - Sump: Cross drilled through two adjacent retaining screws or studs.
 - B - Rocker/cam cover: Cross drilled through two adjacent retaining screws or studs.
 - C - Gearbox: Cross drilled through two adjacent retaining screws or studs.
- Damaged, missing or broken seals, may cause a component to be judged non-compliant
- 5.10.11 Engines may be sealed from the car's first event. Thereafter the seals must be in place at all times. If a seal needs to be removed for any reason, the entrant must inform the championship scrutineer who will then re-seal at the first opportunity.
- 5.10.12 The Organisers reserve the right to request a Competitor to carry out a rolling road analysis of the vehicle at a rolling road specified by the race Organisers at the Competitor's expense.
- 5.10.13 Modification or exchange of the engine, gearbox or any component; or the breaking of any engine or gearbox seal, is prohibited. If for any reason the Modification or exchange of the engine, gearbox or any component; or the breaking of any engine or gearbox seal is required, pre-authorized by the Organisers and/or eligibility scrutineer must be requested formally in writing prior to work being started and confirmed on completion with a new eligibility power graph for that vehicle.
- 5.10.14 Vehicles that have variable engine mapping or boost controls (turbo or supercharged vehicles) are only permitted to use the settings the vehicle was set to when tested for the mandatory pre-season dyno run. Controls within the cabin which can affect engine output/performance (whether in operation or not) are prohibited. For the avoidance of doubt championship regulations cover all practice, qualifying, and race sessions at all times during the entire race event – [J3.1.3].
- 5.10.15 Water/Methanol injection is prohibited in all forms.

5.11 Fuel:

- 5.11.1 All fuels listed in Motorsport UK Competitor's Yearbook 2023 as pump fuel are acceptable subject to a 100ron maximum octane rating.
- 5.11.2 The Organisers reserve the right to request fuel for sampling at any point during an event weekend.
- 5.11.3 All cars must be fitted with a dry break fuel coupling within a 30cm distance of the carburettors or fuel injectors/fuel rail to allow fuel samples to be taken without the dismantling of fuel lines. Drivers must have a suitable coupling hose available in parc fermé.
- 5.11.4 Where the conclusion of the fuel testing procedure confirms non-compliance, the entrant shall be responsible for all costs and fees arising from the testing procedure. Motorsport UK Yearbook Section [D34.6]

5.12 Suspension:

- 5.12.1 Modification to the suspension is subject to the following conditions:

The spring and damper configuration and all of the original mounting points must be retained and used in the operation of the suspension except that coil over dampers may be used with adjustable spring platforms.

Suspension that is adjustable either remotely from outside of the car, or manually by the driver while the vehicle is in motion is prohibited.

- 5.12.2 Dampers are free providing they are mounted on the original mounting points.
- 5.12.3 Anti-roll bars and their mountings and shape and material are free providing they fit directly on to the original body/chassis mounting points and the mobile suspension units. No other additional suspension components are permitted.

5.13 Transmission:

- 5.13.1 Transmission is free subject to Motorsport UK requirements.
- 5.13.2 Cars with sequential gearboxes (eg: any vehicle without an H-pattern box) will remain in their relevant class based on power-to-weight, but must carry a "sequential box penalty ballast" of 30kg. Sequential gearbox penalty ballast must not be included in the weight declared for class eligibility. All ballast must be clearly labelled, securely fitted by at least four M8 bolts in the passenger foot well or passenger seat position and be visible for inspection at any time [J5.15].

5.14 Electrical:

- 5.14.1 Electrical equipment is free provided that a generator, battery and starter are fitted and in full working order at all times. All electrical components must comply with [J5.15]
- 5.14.2 High intensity rear light and front windscreen wiper to Motorsport UK requirements must be fitted and in full working order.
- 5.14.3 The presence of an aftermarket ECU must be highlighted to the Championship Organisers at the point of annual Registration (or immediately upon the items introduction), along with manufacturer details and model numbers. If present, the Competitor must provide a laptop and cable to allow the eligibility scrutineer access into the files within the ECU. Failure to provide access into an aftermarket ECU at the request of the eligibility scrutineer may result in disqualification.
- 5.14.4 ECU's must retain their calibration with unmodified settings from the date and time of its eligible power run(s) during the mandatory pre-season dyno testing. In the instance where multiple or wet maps are present, all modes and maps must be tested and a power graph supplied for each map/mode.
- 5.14.5 ECUs or other engine control systems should not be adjustable from within the drivers cockpit. Where ECU/map switches are present, they must be declared in writing to the Organisers, and be within line of sight of the on-board camera.
- 5.14.6 All ECU's are subject to interrogation at the request of the eligibility scrutineers. Refusal to allow ECU interrogation will result in disqualification from the meeting, and removal of all Championship points earned in the current season up to that point.
- 5.14.7 ECU modifications, wiring modifications, or any modifications which can change power away from the initial eligibility power certificate are prohibited.

5.15 Brakes:

- 5.15.1 Brake systems are free save that carbon or ceramic disks and ABS systems are prohibited unless fitted in production, in which case they must be to production specification. Ducting for the purpose of cooling brakes or removing dust is permitted provided it is not visible outside the car, serves no other purpose and if beneath the car, does not project beyond a line drawn at 45 degrees to the horizontal and tangential to the bodywork (not including overrides). Modification or removal of brake back plates is permitted.
- 5.15.2 Brake lights must be operational and operated only by the brake pedal without a delay. The high intensity rear light must not be operated by the brake pedal.

5.16 Wheels & Tyres:

5.16.1 Wheels:

Wheel size and material is free. Centre locking wheels and their hubs are prohibited.

5.16.2 Tyres:

Control tyres for the Trackday Championship are TOYO Proxes R888R or TOYO PXR888 (GG compound) for dry & wet conditions. It is prohibited to cut the tyres in any manner and the original tread pattern must remain visible at all times. Four tyres of

2023 MSVT Trackday Championship
Sporting & Technical Regulations

either TOYO Proxes R888R or TOYO PXR888 (GG compound) must be fitted at all times.

All tyres should be purchased via TDC supplier:

Adams and Page
01494 525971
www.adamsandpage.co.uk

Changing or swapping wheels/tyres is not permitted during the qualifying or the race sessions, except in the case of force majeure (puncture, obvious damage).

The use of tyre heating/heat retention devices, tyre treatments and compounds is prohibited.

- 5.16.3 Should any classed vehicle when checked at a meeting, fail to have the appropriate tyres fitted, that vehicle will be disqualified from all sessions of the meeting up until that point, and moved to the guest/invitation class for future sessions until the Organisers and scrutineers are satisfied that the vehicle complies with these regulations.

5.17 Weights:

- 5.17.1 Weight is defined as the whole vehicle, including all consumables and fluids, at the end of each race entered, including the driver in full racing kit. The declared weight figure for eligibility must not include any success ballast or penalty ballast issued for forced induction, sequential gearbox or non-conformance.

Penalty ballast cannot be absorbed within the mass of the vehicle, this ballast must be clearly labelled and be visible for inspection at any time – (References Motorsport UK Yearbook Regulations J. 5.15.1 – 5.15.4).

- 5.17.2 There is a minimum weight of 600kg at all times during competition. This includes the driver, normally seated with racing overalls and helmet. Cars under this minimum weight will only be permitted as guest entries at the discretion of the Organisers.
- 5.17.3 The Organisers reserve the right to increase or decrease minimum weight for eligible cars as appropriate.
- 5.17.4 These are true minimum weights with no tolerance and all cars must comply at all times. Ballast is permitted to achieve these minimum weights but weight may only be removed within the limits of the modifications detailed within these regulations.
- 5.17.5 Ballast must be securely attached within the vehicle and attachment bolts predrilled for the purpose of attaching scrutineers wire seals. The total weight of ballast carried, must

2023 MSVT Trackday Championship
Sporting & Technical Regulations

be declared in the scrutineering logbook and be in position at all times during practice and racing.

- 5.17.6 A maximum of 80kg ballast is permitted in the cars. For cars that have sequential gear boxes/forced induction, the mandatory sequential gear box and forced induction penalty ballast may be in addition to this.
- 5.17.7 All cars must comply with these weight limits irrespective of the year of manufacture and any other championship regulations or waivers.
- 5.17.8 The Organisers reserve the right to add success ballast to any vehicle seen to have an uncompetitive advantage over the rest of the field.

5.18 Numbers and Championship Decals:

- 5.18.1 Race Numbers must comply with Motorsport UK Regulation [Q11.4]: The numbers for each rear side window shall be:
 - (i) a minimum of 200mm high
 - (ii) with a stroke width of at least 20mm
 - (iii) coloured reflective yellow

For vehicles with no rear side windows only; rear side numbers in compliance with Motorsport UK Regulation [Q11.4] may be replaced with door numbers in compliance with Motorsport UK Regulation [J4.1].

In addition, the windscreen of all cars must display the competition number positioned on the upper area of the passenger's side of the windscreen, as follows;

- (i) the numerals must be at least 150mm high
 - (ii) be in the same colour and font as those displayed on the rear side windows
 - (iii) be placed no closer than 50mm from the lower edge of the windscreen "sun-strip" and 50mm from the side edge of the windscreen.
- 5.18.2 All vehicles must display the championship advertising material associated with a Championship sponsor as required by the championship. These stickers will be provided in your Registration Pack and replacements can be purchased at each round if required. Failure to display the appropriate stickers listed below may result in loss of Championship points.
 - MSVT Racing (1x per side, location free)
 - Marketing Delivery front screen top
 - Class sticker on the rear screen, or rear bumper of the vehicle on the drivers side
 - Class sticker 2x on the front, screen top (one reversed)
 - Dodo Juice (1x total, location free)
 - Moores Motors (1x per side, location free)
 - Toyo Tyres sticker in the front and rear number plate position

2023 MSVT Trackday Championship
Sporting & Technical Regulations

- 5.18.3 Competition numbers will be obtained at the Competitor's expense. One full set of championship decals will be supplied by MSVT. Replacement stickers are available at the cost of £1 per individual sponsor sticker.
- 5.18.4 Front and rear windows may be covered with championship or personal sponsor livery to a maximum depth of 250mm from the top of the window measured from the centreline of the vehicle and must also comply with [Q13.2.2]. Where championship front or rear window decals are specified in 5.17.2, Competitors may not additionally display personal sponsor decals in the position specified. The championship Organisers reserve the right to supply and specify a championship front or rear screen strip at any time and this will require the removal of any existing personal sponsor decals in these positions.

Further sponsors may be added at a later date.

6.5 Appendix 1: Race with Respect

A socially-minded standard of behaviour is expected from everyone within the motorsport community.

By participating in a Motorsport UK event in any capacity you agree to follow the values of the Respect Code:

Motorsportuk.org/racewithrespect
#RaceWithRespect

The Values:

- Respect
- Fair play
- Integrity
- Good Manners
- Self-Control

I pledge to #RaceWithRespect and:

- Contribute to a welcoming and friendly environment that ensures the safety and welfare of all participants.
- Always behave with integrity and uphold fairness in the sport; play your part in keeping the sport safe through your actions
- Treat everyone with respect, regardless of their gender, ethnic or social background, language, religious or other beliefs, disability, sexual identity or other status
- Recognise that we all represent the sport and therefore have a duty to be polite and respectful to all staff, officials, fellow Competitors, volunteers, as well as fans and supporters
- Respect the rules, regulations and authority of the officials and Motorsport UK

Any breach of these obligations may result in disciplinary action.
