

## MSV Trackdays EnduroKA Series

Motorsport UK Series Permit No: RS2019/077

---

### Existing regulation

17.6 Ford KA Mk1 steel wheels in size 5J x 13 are required. Part number 98KB-1007-AC/1131581

### Proposed amended regulation

17.6 Teams must run either, Ford KA Mk1 steel wheels in size 5J x 13 are required. Part number 98KB-1007-AC/1131581, or Compomotive Alloy: COMPMOTIVE ML1357 13x5.5 et30 4x108. Use of the Compomotive Alloy will require the M12 1.5 63mm Ford fit stud and nut

All Compomotive Alloy wheels should be purchased via [Graves Motorsport](#)

### **Reason:**

To allow for the transition to the Compomotive Alloy COMPMOTIVE ML1357 13x5.5 et30 4x108 as the EnduroKA control alloy wheel, following reports of the standard steel wheels failing in some conditions.

### **Footnote:**

- X-Raying all wheels is recommended
- Visual checks of all steel wheels should be included in each teams pre session and pit stop checks
