Please make yourself familiar with the location of the Assembly Area and Parc Fermé, before your first practice session.

MSVT Trackday Championship & MSV SuperCup

At the showing of the chequered flag at the conclusion of qualifying, all cars will slow down and complete one further lap. Instead of the normal procedure of entering Parc Fermé, the cars will come to the grid, slowly and safely. Once the first car is stationary, practice starts will commence. Each car will be released when the red lights are extinguished at roughly 10 second intervals. Cars will set off in pairs from pole and second position, once all the cars have completed their practice start, they will return to Parc Fermé but taking the shorter Foster circuit layout, this lap must be completed with no overtaking.

15. RACE START PROCEDURE

Competitors will assemble in the Assembly Area. **On instruction from officials, all cars will be convoyed behind a Course Car via the Fosters Circuit to the grid. This convoy lap must be in single file and at low speed noting that marshals and recovery vehicles could be on circuit.** Once cars are in position on the grid, the countdown will begin.

In the event that any category takes more than four minutes to complete the formation lap the race time may be reduced.

In ideal conditions the racing programme may be brought forward by up to 20 minutes and competitors should ensure that they are in their correct location in good time.

The following races will be rolling starts:

- EnduroKa

ALL other races will have a STANDING START.

16. GRIDS

17. COUNTDOWNS

For all races, the countdown will start at the 1 minute signal unless otherwise specified in Championship Regulations.

18. END OF PRACTICE AND RACE PROCEDURE

The Parc Fermé entry is at the pit lane entry before the Medical Centre. Marshals at Deer Leap will display Yellow Flags.

Winners will proceed on foot to the podium for presentations. All competitors will remain under Parc Fermé conditions until advised by the Scrutineers.

19. SAFETY CAR

The Clerk of the Course will have the option to deploy the Safety Car during practice, qualifying and races.
