RACE ADMINISTRATION & SIGNING ON

Race Administration is located in the paddock office portacabin opposite the scrutineering bay.

Those that haven't signed on for a previous BSB and or/under 18s must sign on before going on circuit. Any rider who has not previously signed on must produce a valid racing licence, those with overseas licences must also show start permission from their national federation or a full FIM licence. Wildcards will collect their passes at sign on and will not receive anything through the post prior to the event.

Race Administration can also assist with any permanent personnel or vehicle pass queries. Personnel pass changes to that which were requested are chargeable at £30 each.

Weekend team guest passes for Cadwell Park and Oulton Park are available for purchase in Race Administration until 11am on Sunday morning at £19 each.

Machines that have not had a barcode applied to the frame will have these applied during this period. All checks to take place in the scrutineering bay, riders must present themselves in full racing attire.

BSB TEAM EQUIPMENT MOVEMENTS - IMPORTANT

Via the assembly area, around the Woodland section of the circuit into the pitlane. There will be a 3 - 5 minutes period prior to practice and race periods to transit from the assembly area to the pitlane.

During this period any equipment required to be taken to the bottom pitlane can be taken by scooter/pit trolley – Race bikes transit via the Woodland section of the circuit, scooters and pit trolleys via the centre road. The use of quad bikes/trikes/golf buggies etc. will not be permitted.

For the Superbike class ONLY each team will be permitted the use of one support vehicle (van) for the purpose of dropping off or picking up equipment and then vacating and parking in a designated area in the top paddock. At the conclusion of each Superbike practice session there will be a further period for Superbike support vehicles to come back to the pitlane to take equipment back up to the main paddock area. Prior to vehicle movements down to the pitlane support vans must assemble along the Hairpin service road (under the direction of the marshals, ensuring that a through route remains for emergency service vehicles). **VANS MAY ONLY BE USED FOR ESSENTIAL JOURNEYS**

ALL CLASSES - ENTRY & EXIT CIRCUIT

For free practice, qualifying and warm ups riders may start the session and service during the session from either the assembly area or the bottom pitlane.

For races, prior to the commencement of the start procedure, all riders should be in the bottom pitlane.

FOR THE RACES ALL NECESSARY EQUIPMENT INCLUDING SPARE WHEELS ETC SHOULD BE IN THE BOTTOM PITLANE. IN THE EVENT OF AN INTERRUPTED RACE ALL WORK SHOULD BE CARRIED OUT AS FAR AS POSSIBLE AND PRACTICAL IN THE BOTTOM PITLANE.

After completing the slowing down lap all machines must enter the pit lane (if allocated a pit box) or the paddock return road. The only exceptions are the machines of those riders involved in the finishing ceremony. The riders must stop on their machines on the start finish line. **Their machines must be taken/ridden to the parc ferme by a team member.**

ALL CLASSES - SIGNALLING

During practice and warm ups it is permitted to signal from the area at the top of the paddock as well as in the bottom pitlane. To ensure that there is adequate room for all to signal and service safely, personnel supporting riders (without a pit box) with an odd race number should signal from the top assembly area and those with an even number from the bottom pitlane.

During racing all signalling must be from the pit wall in the bottom pitlane.

Due to the confined working area in the pitlane only bona-fide working personnel should be present – this applies particularly to the signal and service areas.

Anyone deemed to be not performing a working role may be asked to vacate these areas, regardless of their credentials.

BSB CLASS - Due to the logistics of Cadwell Park, for teams in the bottom pitlane garages, machines will be placed in parc ferme conditions in their garages (the doors must be open), with the exception of those involved in the podium ceremony. **Dismantling of the garage set up cannot begin until the official parc ferme period has ended, nor will support vehicles be permitted in the pit lane during this period.**

PEDESTRIAN CROSSING

Once practice sessions have started no team members must attempt to cross the circuit. Any infringement of this may result in a penalty for the rider of the team concerned. The top of the mountain will close approx. **ONE MINUTE** before the start of each session without exception.

PRACTICE STARTS

- A) PIT LANE EXIT, AT ANY TIME
- B) AFTER THE CHEQUERED FLAG ON RIDERS RIGHT IN THE DESIGNATED "PRACTICE START ZONE" AT THE EXIT OF TURN 10 CHICANE, MARKED WITH A BOARD AT THE TRACK EDGE

RACE START PROCEDURE & JUMP STARTS

THERE WILL BE ONE SIGHTING AND ONE WARM UP LAP FOR ALL CLASSES.

JUMP START - The ride through equivalent time penalty at Cadwell is 10 seconds.

SAFETY CAR

The Safety Car will enter the circuit at pit lane exit.

PADDOCK INFORMATION

NOISE RESTRICTIONS - Engines must not be started before 08.30 or after 18.30 on any day.

CONTROL FUEL – Vital Equipment will be supplying Panta control fuel, adjacent to the circuit fuel pumps, pre-orders are recommended via their website <https://www.vitalequipment.co.uk/>

Thursday 1300 – 1800hrs Friday 0800-1200hrs, 1330-1730hrs

Saturday 0800 -1200hrs, 1330-1730hrs Sunday 0900-1200hrs

The results of fuel testing completed by MSVR are a matter of fact.

MEDICAL CENTRE – This is manned 24 hours throughout the event.

PADDOCK TRANSPORT (SCOOTERS)

The use of Paddock transport is granted on the express condition that it is to help teams to function during an event, one scooter pass per rider will be issued.

PLEASE BE MINDFUL OF SCOOTER USE AND KEEP USE TO AN ABSOLUTE MINIMUM FOR ESSENTIAL JOURNEYS ONLY, SCOOTERS MUST NOT BE TAKEN OUT OF THE PADDOCK.

WE RECOMMEND THAT ALL RIDERS AND PASSENGERS ON SCOOTERS WEAR HELMETS. UNDER 16 MAY NOT RIDE OR TRAVEL ON THE BACK OF A SCOOTER UNLESS THEY ARE A COMPETITOR SIGNED ON FOR THE MEETING.

UNREGISTERED SCOOTERS MAY NOT BE USED.

Valid and appropriate insurance is required, if the scooter is taxed and insured for the road the scooter must also have the road registered number plate displayed, must be presented. Each scooter will also be assessed for noise and suitability; scooters must have a suitable hook mechanism for trolleys.

The scooter will then have a pass applied and be photographed to form a season record. The team member bringing the scooter must be wearing their season personnel pass.

MSVR's decision on the granting of a pass will be final, any scooter found to be used in the paddock that is not approved will result in sanctions for the rider/team.

We recommend that all riders and passengers on scooters wear helmets.

A MAXIMUM SPEED LIMIT OF 10 MPH APPLIES AT ALL TIMES

Paddock scooters may be used at the following times only:

FROM ONE HOUR BEFORE THE START OF TRACK ACTIVITIES UNTIL 19.00HRS, AND FOR ESSENTIAL JOURNEYS ONLY ON THE SET UP DAY(S).

ABUSE OF THESE CONDITIONS WILL BE TREATED AS FOLLOWS.

RIDER/TEAM FIRST OFFENCE: Withdrawal of pass for remainder of event

RIDER/TEAM SECOND OFFENCE: Withdrawal of pass for remainder of season

MORE THAN FIVE OCCURENCES FROM ONE CLASS: Withdrawal of facility for that class for the event.

ALL TEAMS ARE ENCOURAGED TO "SELF-POLICE" THE Paddock CONCERNING THE USE OF SCOOTERS IN ORDER TO PRESERVE THE FACILITY.

TYRE CONTROL

- a) An envelope, with the relevant stickers in it, will be provided for each rider.
- b) The envelope will contain stickers for both the front and rear tyres, the FRONT stickers having WHITE numbers and the REAR having BLACK numbers.
- c) The stickers MUST be applied to the relevant tyre wall on the right hand side.
- d) The clear backing sheet MUST be removed after the sticker has been fixed on the tyre.
- e) It is not necessary to remove stickers from previous rounds.
- f) A tyre control area will operate at the pit exit and the rider must slow to walking pace to enable the team to confirm that the correctly coloured stickers are in place on both tyres and no machine will be allowed to join the track without them being in place. Failure to slow sufficiently to allow this check to be carried out will lead to the rider being black-flagged.
- g) Random checks will be carried out during each session, and in parc ferme, to confirm that the stickers used are those that were allocated to that rider.
- h) All tyres purchased at the meeting for use in the race will have manufacturers markings that identify them to the tyre control team and Pirelli staff.
- i) For the race checks will be carried out both on the grid and in parc ferme to confirm that only tyres purchased at the meeting are used

CADWELL PARK SERVICE ROAD ACCESS/BIKE RECOVERY POINTS

NO RESTART AFTER CRASH

As per the 2019 MCRCB yearbook riders who fall from their machine are not permitted to continue in the practice session or race until passed fit by a Medical Officer (Ground Post or Medical Centre) and the machine re-inspected and cleared by Technical Control. Any infringement of this rule will result in the rider being disqualified from the remainder of the practice session or race and may result in further penalties.

EXCEPTIONS:

In the BSB (Superbike) and BSS (Supersport/GP2) classes only, in the event of a rider falling from their machine during any of the free and qualifying practices, and any of the sighting laps or warm up lap(s) and provided the machine has made negligible contact with the ground or a barrier, it may be possible for the rider to remount and continue back to the pit lane, PROVIDED that the following procedure is respected.

1. **After the crash, and before continuing, the machine must be inspected by the marshals, including the chief marshal of the section who will make a determination and report the situation by radio to Race Control.**

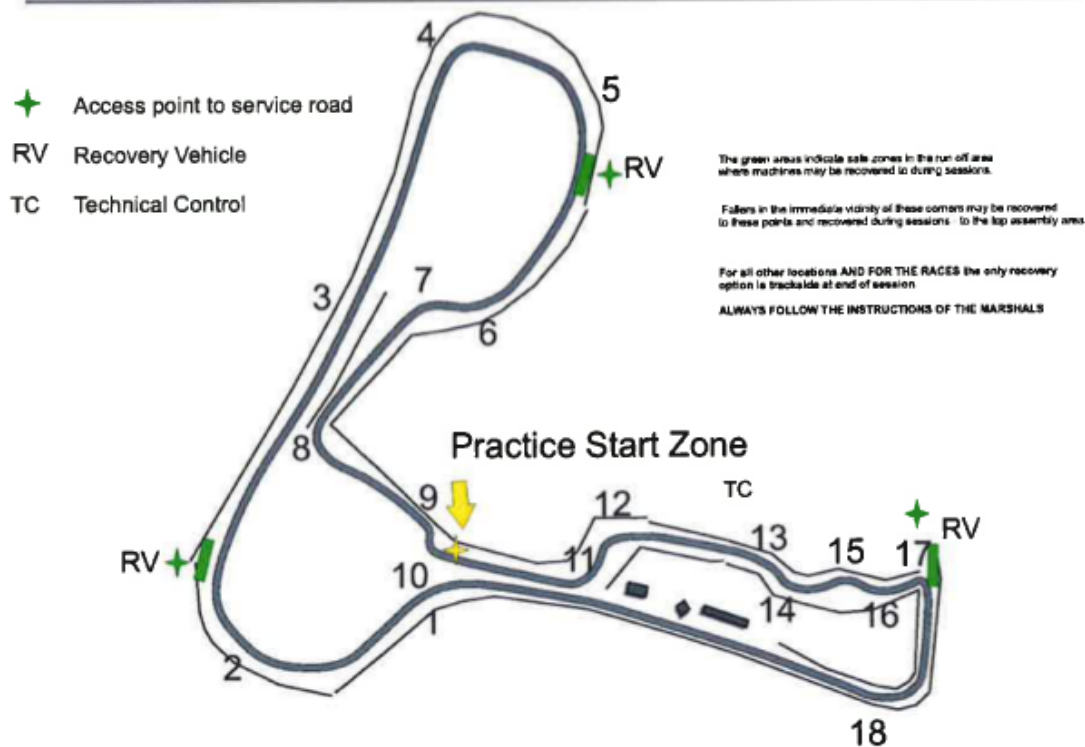

2. Subject to approval being granted by Race Control, who will take into account the report of the marshal, the location of the incident, the closest available track exit and distance to the pit lane and any risk to disrupting the practice session or delay to the start of race – the rider may remount and continue around the circuit and a) during practice sessions leave the circuit at an exit or the pit lane as directed by the marshals, following the instructions of Race Control or, b) during sighting or warm up laps, enter the pit lane, keeping off of the racing line. In this situation riders must take great care, not hinder other riders and strictly observe blue flags.
3. Once the rider has reached the pit lane/pit box, further repairs may be carried out under the supervision of a technical official. Once cleared by technical control the rider may exit the pit lane to continue the practice session or the sighting laps period if still in progress, or else in the case of a race, start the warm up lap from the pit lane in which case the rider will start the race from the back of the grid, or start the race from the pit lane exit. The last option to start the race from the pit lane exit expires when the leader crosses the finish line to complete the first racing lap.

The decision of Race Control and instructions of the marshals is final. Penalties will be imposed for disregarding these and any actions that prejudice safety or the start procedure.

CADWELL PARK

INFORMATION TO TEAMS

Further comments:

- a) In the Superbike free practice one only, in the event of no fallers or technical retirements the session will run uninterrupted, save for red flag situations.
- b) If, five minutes before 50% point of the duration of the session there are machines that require recovering via the circuit the Race Director will advise (via the timing screens and teams radio) that he will interrupt the session by display of **red flag** at the 50% point. The machines will be then be recovered to Technical Control and the session restarted as soon as possible, lost time will not be added to the total session duration.

c) *If the session has been interrupted by the red flag prior to the 50% point in the session the session will not be further interrupted by the method described in (b) above.*
