Scrutineers will have the power to perform random spot-checks on both cars and drivers' equipment throughout the event.

If you are unsure of your vehicle's ability to meet the required safety criteria set out in the Motorsport UK general regulations, then please find a Scrutineer and ask them to check this for you. Ensure that you maintain social distancing at all times and allow plenty of time before your first session on track.

10. ELIGIBILITY

Eligibility may be checked by a member of the Motorsport UK Technical Commission listed in the 2020 Motorsport UK Yearbook at Appendix 4(e). These Technical Commissioners will be considered as Judges of Fact within the Regulations.

16. CIRCUIT PROCEDURE

16.1 There will be two practice runs and four timed runs in accordance with the timetable.

16.2 All competitors will be required in the Assembly Area 20 minutes prior to their practice/timed runs. On instruction from marshals, cars will proceed from the Assembly Area directly onto the starting grid.

16.3 Please make yourself familiar with the location of the Assembly Area before your first practice session.

16.4 A vehicle which leaves the track, involuntarily or otherwise, or becomes stationary on the track, may not complete its timed run. A vehicle which becomes stationary off the track may not return to the track until the driver is instructed to do so by a marshal. In all these instances a re-run will not be permitted.

16.5 **IT IS A CONDITION OF THE EVENT THAT VEHICLES DO NOT OVERTAKE.** In the case of a competitor being baulked by a slower car, he should maintain station and request the Clerk of the Course to grant a re-run. Bearing in mind the size of the entry, including reserves, this may not be granted.

17. START

17.1 The practising of competing cars outside the designated course area is strictly forbidden and may result in the competitor being excluded from the meeting forthwith.

17.2 There are no designated practice starts or tyre warming areas at this venue.

17.3 The start will be given by the lowering of the Union Flag.

17.4 When each vehicle is in position to start, the driver will be directed to watch the Starters Flag.

17.5 When the flag is lowered, the driver has a maximum of 5 seconds to leave the start-line. After this 5 second interval, the run will be void and no re-run will be given. If the competing vehicle has not left the start line within five seconds, the start marshal will display a red flag to the competitor and the run will be void. No re-runs will be awarded for this occurrence. Any driver who ignores the red flag and commences the run may be excluded from the event.

17.6 Automatic timing will commence when the vertical timing strut is sensed by the timing beam.

17.7 Circuit length: 3080 metres approximately.

18. END OF CIRCUIT PROCEDURE

The finish line is on the Club Circuit Finish Line before the Mountain. A chequered flag will be shown to cars crossing the finish line.

At the end of each run cars must slow down after taking the Chequered Flag and return to the start grid for the next run. You must approach this area at slow speed as marshals will be on track to organise the next run.

At the end of the final timed run all cars must slow down after taking the Chequered Flag and leave the circuit by turning LEFT and returning to the Paddock.

Cars being shared by two drivers should be driven to a safe position before rejoining the back of the queue at the startline for the numbers to be changed and for the second driver to take over.

All competitors will remain under Parc Fermé conditions until advised by the Scrutineers.

19. FLAGS/LIGHTS

If a RED FLAG/RED LIGHT is shown competitors must SIGNIFICANTLY reduce speed, being prepared to stop if required, and proceed around the course entering the pit lane.

20. RESULTS

All Practice Timesheets, Grids and Race Results are deemed provisional until all vehicles are released by Scrutineers after Post Practice/Race Scrutineering and/or after completion of any Judicial or

Technical Procedures. They will remain provisional until declared final in writing by the Clerk of the Course.

Ties will be decided in accordance with Motorsport UK regulation S9.5.6.

Automatic timing will commence when the vertical timing strut is sensed by the timing beam.
