

Ferrari Challenge UK

Due to cutting of the final corner during race 1 of Ferrari Challenge UK on Saturday 12th June, the following bulletin is being issued on the grounds of safety. After repeated corner cutting, the dry ground is being worn away creating a trench behind the curb on the entry to turn 10. This causes dust to be thrown into the air, which reduces corner entry visibility and the level of grip on the track.

For all Ferrari Challenge sessions on Sunday 13th June, the below rules will apply and be monitored by a judge of fact, who will report any driver not adhering to the below rules, with penalties being issued as prescribed for in the MSUK yearbook.

(Wheels should not be on the green painted area)
