

GT Cup

Grids

The fastest lap time set in Qualifying will set the grid for Race One.

Race Two.

The fastest lap time set in Race One will set the grid for Race Two subject to the following:

- In the event that the driver pairing is Am/Pro/Pro-Sport only the time set by the Am will set the grid.
- In the event that the driver pairing is Am/Am the fastest lap time set by either driver will set the grid.

Pit Timing Lines

- The timing loop at Pit Lane **ENTRY** is the last white line across the pit lane at the end of the Armco on drivers RIGHT
- The timing loop at Pit Lane **EXIT** is the first white line across the pit lane after the end of the pit signalling wall.
