14. DYNAVOLT PTR TRIUMPH BSS
15. GEARLINK KAWASAKI BSS
16. GEARLINK KAWASAKI BSS

**Pit allocation notes:**

The Cadwell Park pit allocation is provided in order to provide the most attainable and equitable working conditions given the constraints and layout of the venue, the hierarchy of classes and balance of track time activity.

The bottom pits are exclusively for BSB class riders/teams based upon current championship standings (03/08/21).

Remaining BSB teams are allocated in championship order to the top area. Thereafter BSS teams in championship order.

BSB or BSS teams who have satellite STK (or other classes) riders are obliged to base them adjacent to their working truck using a self provided "pop up" covered working space, and may use the BSB/BSS team pit space/apron during sessions, or alternatively operate in a more condensed manner.

As previously advised the regular contractor is unable to provide the rear extensions to the lower pits. Teams providing their own material are advised that the maximum extension depth is 4.5m.

Pit box set ups must be completed by 16:00 on Thursday 19<sup>th</sup> August.

Thank you for your cooperation.
